

THE WILLIAMS FAMILY *Promise*

From Our Family to Yours:

Today, I'm proud to introduce The Williams Family Promise.

We believe peace of mind should come standard with every home. That's why, starting now, we're locking in pricing on all homes that have started or finished construction—no surprise increases, no shifting costs.

And for the month of May, we're adding even more flexibility. Buyers will receive **Flex Cash** to use toward closing costs, design upgrades, HOA fees, or financing.

Thank you for visiting us. They're here to work with you personally to help make your dream of a new home a reality.

This commitment is personal to me. It's what I would want for my own family—and it's exactly what we're offering yours.

Thank you for considering Williams Homes. We look forward to welcoming you home.
